MEMO

**TO:** Engineering & Operations Committee  
**FROM:** Aaron Cook, Engineering Manager  
**DATE:** April 22, 2026  
**SUBJECT:** Award of the WRP Creek Crossing Replacement Project

---

Description

Award of the WRP Creek Crossing Replacement Project.

Purpose

As part of the District’s capital improvement program, the District is improving the reliability of the sewer collections system through strategic rehabilitation of existing infrastructure. District staff prepared a bid package for the replacement of approximately 300 linear feet of 24” gravity sewer main across Fallbrook Creek, which conveys a large portion of the service area’s sewer flows into the Water Reclamation Plant headworks. Bid opening was April 9, 2026. Three bids were received. A summary of the bid results is below:

|   | <b>Company Name</b>   | <b>Bid Amount</b> |
|---|-----------------------|-------------------|
| 1 | M Rae Engineering Inc | \$397,000         |
| 2 | PK Mechanical         | \$420,000         |
| 3 | MMC Inc.              | \$554,000         |

M Rae Engineering was the apparent lowest responsible bidder at \$397,000. They have not done work for FPUd in the recent past, but they have a long track record of successfully completing similar projects throughout the region.

Budgetary Impact

There is no budgetary impact. The work will be completed within the Board authorized total capital budget/proposed budget for FY27.

Recommended Action

That the Committee recommend to the Board authorization to award the WRP Creek Crossing Replacement Project to the lowest responsible bidder, M Rae Engineering Inc. in the amount of \$397,000.
